Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and Mastercard B2B transactions. Level 3 transactions use lower interchange rates than Level 1 and Level 2 transactions. Merchants wanting to receive Level 3 processing rates must be on an Interchange Plus pricing plan. The REPAY BigCommerce integration automatically sends the required data to ensure maximum cost savings for B2B transactions.

Accept Payments for BigCommerce via MiniBC

This REPAY solution was designed to seamlessly integrate with BigCommerce via MiniBC to process Level 3 data automatically at significantly lower rates. Protect yourself from security breaches and heavy fines while providing an easy to use payment option for customers.

Our three-step redirect API can be easily configured to suit your needs. Our in-house development team is standing by to walk you through the process today.
