Elevate Dispute Dashboard

The standard method of receiving chargebacks through snail mail or fax can be unreliable and slow. Never miss the dates you need to respond by for your chargeback cases with the Elevate Dispute Dashboard. Detailed chargeback information is provided by tracking each step of the process from start to finish. The Dashboard will also provide a view of each chargeback status and the tools for responding.

Discounted Lodging Rates

REPAY understands the lodging industry and uses our knowledge to best fit the needs of hoteliers and hospitality merchants. We can guide you to the correct gateways needed to pass lodging data points. Our systems will automatically check for factors that can result in savings – such as using a stand-alone terminal with a lodging program to qualify transactions for the correct lodging rates.

EMV

If you have card-present transactions, REPAY can provide your business with a fully integrated EMV credit card terminal. Eliminate the need for double entry, lower chargeback risk, and lower transaction fees.
