Transactions

Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The REPAY Salesforce integration will automatically send the required data for you, to ensure quick payments at lower costs.

Integrated Payments for Salesforce

Our Salesforce integration is perfect for developers, partners, and merchants to adopt as a pre-built CRM payment processing solution. The REPAY solution was designed to seamlessly integrate with Salesforce to allow payment transactions from the account or opportunity. Payment data is securely stored on our servers. Protecting sensitive cardholder data with REPAY reduces your PCI-DSS scope, and protects your business from security breaches and heavy fines while providing an easy to use payment option for customers.

Easily configure the look of the solution to suit your needs. REPAY is an all-in-one payment solution provider that can be your “one stop shop” for everything related to payments. Simplifying billing, eliminating duplicative fees, and ensuring we are your trusted payments provider that is an expert in all aspects of the payments industry.
